

## **Former Microsoft Treasurer and Chief Investment Officer Tahreem Kampton joins Invest.Green**

*Former Microsoft Treasurer and Chief Investment Officer Tahreem Kampton joins Invest.Green as a Senior Advisor and Principal.*

CAMAS, Wash. ([PRWEB](#)) July 15, 2022 -- [Invest.Green](#) is pleased to announce that former Microsoft Treasurer and Chief Investment Officer Tahreem Kampton has joined the company as a Senior Advisor and Principal.

While at Microsoft, he oversaw a \$140B portfolio spanning all asset classes, advised on Microsoft's \$40B 401K plan, managed the Company's liquidity and FX needs and drove Microsoft's investment efforts in sustainability, affordable housing and racial equity.

"Invest.Green is delighted to have Tahreem join the team, in addition to his qualifications and financial acumen, he is a true leader in corporate Green investing and committed to our mission. His involvement is yet another example of the institutional quality investment insights we are bringing to retail investors" said Andrew McLean, Invest.Green's Co-Founder and CEO.

"I am pleased to join Invest.Green's world class team and invest in the company. The mission to promote this sector with Invest.Green's innovative media and research platform is a vision I share and am eager to be a part of" said Mr. Kampton.

Invest.Green includes some of the most respected, experienced and successful executives ever assembled on one team in Green finance. The company's website, <https://invest.green> provides market intelligence, interviews and insights curated by a research team which has twice been ranked #1 in the World for this sector.
